## School Board Reports Heavy Agenda

The M.T.S.A. Board wishes to report the following items of interest:

Firstly: the acceptance of the salary proposal of the Board by the teachers. Secondly: the hiring of the necessary number of teachers to complete our staff of eighteen for the coming 1967 - 68 terms.

In the last report a recommendation was put forth concerning setting up a permanent library and as of now, 1,000 books have been purchased for this project. Fourthly: the pupils of the Minden Public School have planted various species of trees, on the borders of the school grounds as a centennial and beautification project. Fifthly: As the Lutterworth School is now to be used as a Primary school, certain renovations must be made to make it as usable for little children. A new tile bed has already been installed to perfect the drainage system; this area which is now

dirt, will be leveled and seeded before September.

For the parents of the children who will be attending the Lutterworth School, a notice will be sent to you explaining the transportation system.

This Primary School will consist of two rooms of beginners, approximately twenty-five children who are not quite ready for the second year of school. The unit system will be in practice at this school. Mrs. Ruth Gorrie will be principal, Mrs. Lidster and Mrs. M. Welch will complete the teaching staff here.

At the Junior or "old school" in Minden grades 2 - 5 will be taught. Mr. Burke will be assistant to the principal. The following grades will be taught by these teachers:

Grade 5 - Miss McCarther

Grade 5 - Mr. Burlie

Grade 4 - Mrs. Hicks

A mixed grade 4 and 3 - Mrs.

Warder

Grade 3 - Miss Hirstwood

A mixed grade 3 and 2 - Mrs. Cecelia Brown

Grade 2 - Mrs. Brenda Keller

At the Senior School, Archie  
(Continued on Page 2)

### MRS. LESLIE HOGG WINS

#### ROTARY BINGO HERE

Last Thursday evening, June 15th, Mrs. Leslie Hogg won the \$400.00 Rotary Bingo jack pot at the Minden Recreation Centre.

To-night a new series starts with 46 numbers called. The Rotarians have added a few special calls and will give away more cash to winners.

Make it a night, every Thursday evening at the Arena here in Minden, to play the Rotary Bingo and help the Rotarians help others.

Remember the prizes are all cash and the jack pot will once again be \$400.00.

### FORMER MINDEN BOY RECEIVES P.H.D.

Leon F. Loucks, son of Mr. and Mrs. Vinton Loucks, of Minden recently received from the University of Ottawa the degree of Doctor of Philosophy in Chemistry.

Madam Vanier, Chancellor of the University made the presentation at graduation exercises on May 28.

Leon attended public school at Minden also attended Haliburton Secondary School. Following

high school he enrolled at University of Toronto receiving his honor Bachelor of Arts in four years, majoring in chemistry.

After working in Delaware for two years he returned to Ottawa to pursue Post graduate work.

### GRADUATES

Marilynn Sharpless, daughter of Mr. and Mrs. Gordon Sharpless, Gelert, graduated from the School of Nursing of Oshawa General Hospital, Oshawa, on June 2nd.

It has been a long year, but a very successful one for the Minden Nursery School. Pictured above are the children who attended each Tuesday and Thursday mornings throughout the year. Back Row from L to R are David Fennell, Teddy Brandon, Paul Barber, Mark Greir, Scott Valentine, Leslie Booth, George Dymond. Middle Row: Mitchell Stephen, John Palmer, Andy Anderson, Kim Hamilton, Joe Dollo, Jimmy Hatkoski, Corey Conneybeare, John McNeil, David Abarthnot, Jimmy Barnes. Front Row: Marie Colliss, Katie Leary, Karen Moxam, Angela Eastwood, Dawn Horsly, Jenny Anderson, Lois McBrien.

## Here and There

with  
FENWICK FINCH

A couple of weeks ago I had an inquiry about the W.I.'s flag. At the time I mentioned it in the column I didn't know nothin' about the price of flags or flag poles — in short I didn't know nothin'. However, I do as I write this week's column.

Councillor Reg. Both brought me into the picture real quick last Friday. He cornered me before I could get loose he picked a good day because I didn't have any more spunk than a paper bag full of wet mice. It's amazing how fast he moves for so big a man.

I could give you a blow of the gruesome details but I'll spare you this time. Sufficient for all concerned is that after a great deal of trouble the flag pole has arrived and is almost ready to set up. An itemised account of the expenses to date would scare the bejunior out of you. So here it is — the flag pole to date, to fly the Women's Institute flag, has cost the Township Council — \$298.69.

The old days of just cutting a wooden pole and sticking it in the ground is a thing of the long gone past. So, as I said, I didn't know nothin' about nothin'.

While on the subject of flags, the Lands and Forests and the Ontario Provincial Police Building have new flags up. The flags are very effective and are advertising our next centennial — 1967 - 2067.

Jack Austin has completed his flag display.  
Our genial Reeve "Slim" Brandon has the whole front of his store with flying flags.

A reader was telling me the other day the difference between Death and taxes is that Death doesn't get worse every time the Township Council meets.

Just got a short note from Earl T. Monahan of Rochester with any luck at all he'll be here for his regular visit to the Highlands at the end of the month. From here Earl goes to the Lakehead and back to Ironwood, Michigan.

He tells me the people of Rochester are showing more and more interest in the Highlands of Haliburton. That's understandable — Earl spends most of his time telling his friends what a wonderful place this is.

Ever since seeing "Abe" Boatman's picture in the Progress I've been waiting patiently to read one of his columns — but seems like he has retired. It's a loss too — his stuff makes interesting reading.

The past week-end was mad with drivers — maybe just mad drivers. These people drive here with no regard for hills, curves or anything else. They may be good, clean living people when they are home — but, when they get in a car — WOW. Here's something for them to think about until next week.

"This is the grave of Mike O'Day  
Who died maintaining his right of way.  
His right was clear, his will was strong,  
But he's just as dead as if he'd been wrong."

Until next week then, remember — just about the time you think you can make both ends meet, somebody moves the ends.

Drive carefully — hang around for the July 1st weekend  
If the traffic don't scare you then — nothin' will

Fenwick

## "BRIEFS" FROM YOUR SCHOOL BOARD

(Continued from page one)

Stouffer School, Mr. M. Morgan will continue his role as principal.

The opportunity class will be taught by Mrs. Dennys.

Oral French for grades 7 and 8 - Mrs. MacKay. Grades 7 and 8 will continue with the rotary system in Math taught by Mrs. Morgan; English Mrs. McCary; History, Mrs. Mackay; P.T., Mr. Warner. As well as the rotary subjects, Mr. Morgan, and Mrs. MacKay will each have a grade 8 classroom. Likewise, Mrs. McCarey, and Mr. Warner a grade 7 classroom. Mrs. R. Herlihey will assist Mr. Warner in his classroom, so that he may be free to carry out his duties as principal.

The two grade 6 classes will be taught by Mrs. Jean Cox and Mr. Higgins. This completes the staff of the three schools under the M. T. S. A. Board for 1967 - 68.

A few weeks ago on the approval Mr. Morgan's Grade eight class will take a historical trip to Toronto and places of historical interest in around the Metropolitan area.

On May 6 the teachers school trustees and secretaries of Haliburton County were exposed to a Professional Development Day. In the morning the teachers heard an address by Miss E. Thorn, on primary reading for grades 1 - 4, as well as Miss H. Hooper, on the subject of Language arts for grades 5 - 8. Many new ideas and theorys were expressed and the discussion periods which followed were most interesting.

In the afternoon Mrs. J. Watson Field Secretary of the Ontario School Teachers and Municipal Council and a representative of the Teachers Federation, addressed the same audience. A discussion with Mrs. Watson school trustees and secretaries took place afterwards and many problems per training to school Board teacher - principal relations were solved. The teachers also had a discussion period.

Mr. Ward, the county school inspector, was responsible for this most informative Professional Development Day Programme.

The above "briefs" are respectively submitted by your M.T. S. A. Board.

## WANTED

To Buy Seed Potatoes. Call Paul Dolbear, RR 1 Haliburton, Phone 2463.

## RED CROSS SWIMMING CLASSES

Registration of School Children for the above classes, will be at the Minden docks on Saturday July 1st 1967, from 10:00 a.m. to 12:00 noon.

The fees will be the same as last year - \$2.50 Single \$5.00 Double \$6.00 for families of four or more.

Miss Nancy McCartney the instructor will be in charge.

Anyone interested in helping with the supervision of the children at Twelve Mile Lake, contact the instructor.

## WOODS, WATERS AND WILDLIFE

The land in all its varied forms is, perhaps, the most distinctive component of the Canadian heritage. It is deeply and intimately related to our history, our culture and to almost every aspect of our day-to-day lives.

In this age when technological developments have given men the power to move mountains, dry up lakes, fill marshes and denude landscapes it is of vital concern that significant samples of primitive environments be retained for future generations, according to Dr. D.H. Pimlott, of the University of Toronto.

Although, we are fortunate that in parts of Canada foresighted members of earlier generations

set aside some significant and beautiful landscapes of our nation as national parks, there are still some equally important portions of the country that are unrepresented.

Ontario, for example, has only three areas in the national parks system; together they comprise only 12 square miles, or less than one three hundredth of one per cent of the area of the Province. None of these were dedicated by Ontario and all are too small to warrant being called national parks.

The Federation of Ontario Naturalists believes that this Centennial year affords a uniquely appropriate opportunity for Ontario

to enhance the stature and character of our national parks system by dedicating carefully selected areas to it. The highest priority should be given to significant areas of the Precambrian Shield and the Great Lakes shoreline.

When he lit the Centennial flame, Prime Minister Robarts stated, "We in Ontario believe in Confederation. We believe in Canada. We believe there is a future for Canada worth working for."

What could be more fitting to the spirit of Confederation than a dedication of land for national parks?

## FAMILY REUNION TOURNAMENT AT BEAVERBROOK COURSE

On Saturday, June 24, re-union golf tournament was held at the Beaverbrook Course here in Minden. Thirty members of the family took part, and even though it was a rainy day, the tournament was still held.

This is one of the more unique tournaments of the season, and has a rather common name, Smith. Each year it is held in a different town or province and this year it was the course here in Minden.

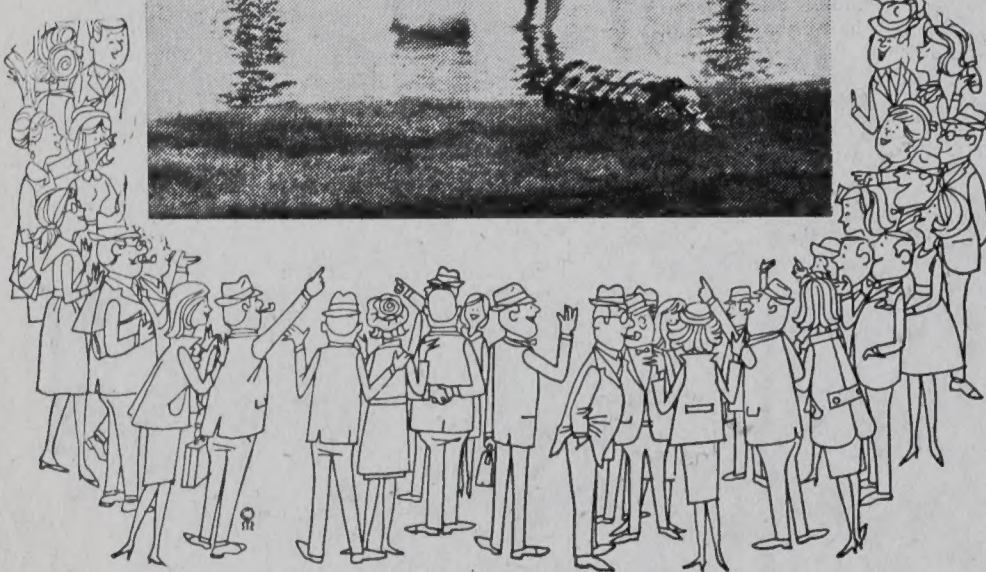

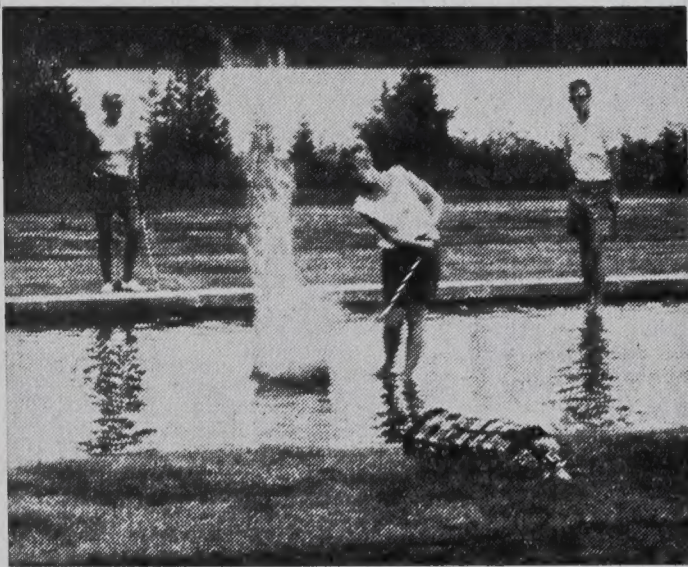

The idea originated four years ago with Gord Smith, a special sports representative of Air Canada.

"I have six brothers and six

sisters," Smith explained. "Our parents were both dead, and after mother died, I was trying to figure out a way to make sure we'd have at least one reunion a year, so we set up the golf tournament. This is the fourth, and the winner (decided on the Atlantic handicap system) determines the site for the following year."

The tournament has held in Dartmouth, N.S., twice and Toronto once. The field has expanded to include cousins, nieces and nephews and this year, entries are in from a cousin in England who is a professor of political science, another in Kentucky and several in the Maritimes.

WITH BOB BEENEY

A meeting of the Minor Softball Association was held in the Minden Municipal Council Chambers on Friday June 16.

Resolutions were drafted by representatives from Haliburton, Locklin and Minden and they are as follows:

- 1) All players 13 years of age as of May 1, 1967.
- 2) All games to be seven innings and five innings constitutes a complete game.
- 3) A five team schedule with the following teams entered; Minden Centennials, Minden Voyageurs, Haliburton Hylanders, Haliburton Eagles and Snowdon.
- 4) Four of the five teams to compete in the play-offs at the end of schedule.
- 5) All games to be played starting at 7 p.m. sharp.

All boys thirteen and under are requested to turn out for practice on Friday, June 23 for practice if they wish to participate in this summers softball program.

\* \* \* \*

Al McMullens, Nutty Golf Course is ready for action with 10 fantastic holes that total 1400 yards. The course is situated on South Lake just one mile past Hospitality Inn near Minden.

Number one hole is 175 yards and is billed as the world's Most Suspenseful Hole: while driving from the second tee you run into the only green in the world that has a wall to wall green.

Number three and four are 150 yards and 130 yards respectively with number four being known as the world's largest hole.

Number five is known as a Par "Tree" hole and is 140 yards long and is guaranteed to be the only hole to stump you.

The only vertical green in the world, so we're told, is number six and is 160 yards long while number seven is the largest at 200 yards and is classed as the world's deepest hole.

To find the world's wettest hole you must try number eight. At this hole you drive off the water into the water. Number nine is the shortest hole and is only 75 yards from tee to flag. The World's Hardest Hole is one number ten and it should be since it is constructed out of concrete.

To find your score in this most interesting course you total the strokes taken on the ten holes, deduct the score you receive on your worst hole and that is your final score for the ten holes.

Talk about Rev. Jim and the Ten Commandments you should see the rules at the Nutty Golf Course. They are the ten Commitments and are as follows:

- 1) Thou shalt not take away our wading bots, rain-cap or hat.
  - 2) Thou shalt replace boulders
  - 3) Thou shalt not get angry. Ye shall smile at everyone at all times — even when paying green fees.
  - 4) Thou shalt blow the Moose call at the fifth tee.
  - 5) Thou shalt not cheat except to improve thine own score.
  - 6) Thou shalt not lie — so bring a camera. Your friends wont believe you otherwise.
  - 7) Thou shalt not swear, so bring some old golf balls as well.
  - 8) Thou shalt replace divots, as we dont have many.
  - 9) Thou shalt eat at our hot dog stand.
  - 10) Thou shalt return to play "Nutty Golf" often.
- The green fees for this course are as low as \$1.50 and club rentals are available.
- If you've got an hour or so to spare take your friends or make up a foursome and enjoy a game of golf at the world's Nuttiest Golf Course. You'll be glad you did.

#### FIREBALL SEEN IN AREA SKIES

A large fireball flashed through the sky over Bobcaygeon Wednesday night attracting the attention of residents and motorists.

A Lindsay man Roy Simms, who was northbound on Highway 36, south of Bobcaygeon, said a brilliant bluish-green and orange flash in the sky overhead startled him.

He said the fireball, which appeared about 9:30 p.m. was in view about five seconds before it seemed to burn itself out.

Mr. Simms said it was moving from the northwest to the southeast.

Press reports from Ottawa indicate the fireball was also seen over that city about 9:40 p.m., startling thousands of residents who were trying to cool off outside after a hot humid day.

The fireball was described as being "brighter than the full moon."

#### DIETARY TRAINING BEGINS EARLY

Is mealtime with your preschooler a battle of wills? Some mothers often find it hard to realize that appetites are not increased by loaded plates or scolding. The Canadian Medical Association reminds mothers that a normal feature of a child's development is that around two years of age, or less, the child appears to lose his appetite.

Small helpings - less than the child wants - with more to come and lots of time, are the best treatment.

#### LIGHTNING KILLS 15 CATTLE

Lightning struck and killed 15 head of cattle, valued at \$3,000 on the farm of Carl Anderson of RR 3, Bobcaygeon, Sunday night.

The cattle which had been in a pasture on the 320-acre farm on the Kinmount Road, about three miles from Bobcaygeon had apparently taken shelter under a large tree when the storm came up.

The tree was struck and the cattle were killed. Mr. Anderson discovered the bodies Sunday, lying huddled under the tree.

About 11 other head of cattle in the same pasture area were believed to have been near the tree when the lightning struck but they were not injured.

#### COMMISSION APPROVES STEEL COMPANY PLANS

The Ontario Water Resources Commission has approved plans of Lake Ontario Steel Co. Ltd., in the Township of Whitby, calling for installation of \$26,000 waste treatment facilities.

The works include installation of dual settling ponds to remove solids from furnace exhaust scrubber effluents, which formerly were discharged to Lake Ontario.

## POLICE REPORT

For the week of June 4 to June 10 Minden O.P.P. investigated four property damage accidents with damages totalling \$885.00 and one personal injury with \$1'000.00 damage sustained to the vehicle and two persons injured. During this period 3200 miles of provincial and county roads were patrolled resulting in eighteen charges being laid under the Highway Traffic Act and seven charges under the Liquor Control Act.

Criminal Investigations again kept the officers of Minden Detachment busy as they conducted fourteen such investigations, broken down as follows; Break and Enter - 3, Disturbances - 4, Thefts - 3, and Damage to Property -.

This week we will deal with the law pertaining to the licensing of boats and as follows: The owner of a vessel that: (a) does not exceed 15 tons, register tonnage or is a pleasure craft that does not exceed 20 tons, register and (b) is equipped whether permanently or temporarily with an outboard motor or motors of 10 horsepower in the aggregate, SHALL before the vessel is operated obtain a licence for the vessel from a Customs Officer. To apply for a boat licence write to the Department of Transport, Ottawa, Ontario. There is no charge for this license. REMEMBER you MUST license your boat if it has over a ten horse power motor on it before operating it on water or be liable to a fine of up to \$100.00.

### DRIVER INJURED

A Haliburton man was injured in a one-car crash Wednesday and was treated for lacerations and released from Minden Red Cross Hospital.

Police said the Parish car was northbound on Highway 35 a half-mile south of Kinmount when it went out of control and crashed.

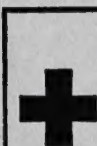

Minden OPP Constable Donald Lloyd investigated.

### \$250 DAMAGE

Damage of \$250 resulted on Thursday afternoon when cars driven by Paul O'Connell of RR5, Lindsay and James Fraser of 90 Lindsay Street South.

Police said the Fraser vehicle had been southbound and was turning east, into a lane. The O'Connell car had also been southbound.

Lindsay Police Corporal William R. Mosley investigated.

# Sir Sandford Fleming Campus

A Peterborough construction company has been awarded the contract for converting a McDonnell Street plant into the new home for Sir Sandford Fleming Campus, it has been announced by Stuart Daniel, vice chairman of the Board of Governors of Sir Sandford Fleming-Loyalist College of Applied Arts and Technology.

Mr. Daniel said the firm of Charles Huffman Limited will begin almost immediately the work of converting 44,000 square feet of the former Outboard Marine Corporation plant into classrooms, laboratories and offices.

The conversion work will be completed in time for classes to commence on September 11th, and will be provided by the conversion to allow the campus to grow to an enrolment of 450 students over the next two years and more space is available in the building which will be converted as it is required.

Preparatory design work for the conversion has already been completed by the architectural firm of R.J. Thom, Toronto, Mr. Thom and his associates are the archi-

itects for Trent University, and are well known in the Peterborough area.

Mr. Daniel said the McDonnell Street building will be a temporary home for Sir Sandford Fleming Campus during its initial growth period, and that a permanent building designed specifically for the campus will be built within five to ten years.

Campus President D.B. Sutherland said Sir Sandford Fleming Campus will serve a large area of East Central Ontario stretching from the western edge of Victoria County to the eastern boundary of Hastings, and from approximately Highway 7 north to Algonquin Park. The campus' permanent location, he said, will be somewhere within this area, and a site will be selected that will be within commuting distance for as many students as possible.

Sir Sandford Fleming Campus is a part of the Ontario Government's system of Colleges of Applied Arts and Technology, and is being established under the auspices of the provincial Department of Education.

Mr. Sutherland said about 20

courses will be offered at Sir Sandford Fleming in September, running from a wide variety of architectural and engineering technology and technician programs to business administration and secretarial science. Programs will also be offered in such areas as home economics, early childhood education, and social work.

Classrooms and laboratories in the McDonnell Street building will be fully outfitted with modern teaching equipment. Mr. Sutherland said that about \$150,000 has been budgeted for the complex equipment required for the technology technician and business programs, and further equipment will be added over the next two years to meet the needs of students who by then will be working at the more advanced second and third-year levels of their courses.

A 3,000-volume library will also be available at Sir Sandford Fleming Campus, along with a student common room and a cafeteria which will serve light lunches to about 150 students at a time.

George H. Robertson, dean of faculty, said the campus is indebted to the Peterborough Board of Education which, among many other services to the new campus, has agreed to make its complex teaching facilities available to Sir Sandford Fleming Campus, in the event that the campus might not have specific units required by students during the first year of operation.

## ARTS And HANDICRAFTS EXHIBITION

The Highlands Of Haliburton Art Group  
are holding a two-day exhibition of  
PAINTINGS, SCULPTURE, CERAMICS & HANDICRAFTS

On  
AUGUST 6TH & 7TH, 1967

At the Haliburton Highlands Secondary School

We urge all artists and craftsmen who are permanent or summer residents of the Highlands of Haliburton to contribute works to this year's centennial exhibition.

All contributors are asked to submit what they consider their best works, regardless of when the work was completed, or whether it has been shown before.

**JUNIOR ARTISTS** - up to and including the age of 16 are urged to Participate in the JUNIOR SECTION.

We would ask teachers and parents to encourage the young artists to contribute any art form they choose.

For further information, or those wishing to enter works of art:

Write  
Mrs. R. Munroe, Haliburton, Ont.

### FALLS OFF CAR

A 13-year-old Harcourt girl who fell off the hood of a moving car was treated and released from Haliburton Red Cross Hospital Tuesday for cuts and bruises.

Minden OPP said the girl, Evelyn Townsend, had been riding on the hood of a car driven by Terrance A. Stamp, 17, of Minden when she fell off. The accident occurred in Harcourt about 12:30 p.m.

Minden OPP Constable D. J. Watson investigated.

### OWRC APPROVES WASTE PLANS OF FORT ERIE FIRM

Plans for \$20,000 neutralization and settling facilities for the Fort Erie plant of Gould-National Batteries of Canada, Ltd., have been approved by the Ontario Water Resources Commission.

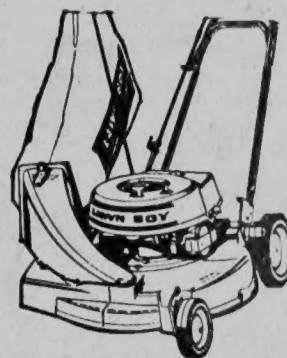

The works are expected to be completed by December, 1967.

### CALIFORNIA CUTIES NOVELTY SOFTBALL TEAM COMES TO MINDEN

"Those Who Watch the Cuties Play, Live to Laugh Another Day."

That's the phrase that was coined to depict the CALIFORNIA CUTIES novelty men's softball team in it's first year of inception and the saying is just as true as the famed comedy team prepares to face the Minden Club at the fair grounds on Sunday afternoon July 2nd.

The CUTIES are composed of outstanding softball stars from around the U.S.A. and when they perform on the softball diamond, they bring tears of laughter to the most hardened fans as they perform in ladies garments.

Pre-game activities include a pantomime infield drill that has been perfected beyond imagination. When the team takes the field for playing of the game, fans are amazed to see only seven and one-half players facing local opposition - yet that is exactly what the CUTIES bring to the softball diamond. The midget Beulah, of course, serves as one half.

There is plenty of mirth and laughter in store for softball fans of this area when the CALIFORNIA CUTIES come to town to face The Locals.

## THE NATION'S BUSINESS

by William Scott M.P.

It has been a confused and somewhat disconcerting five days in the Parliament of Canada. For providing a sobering backdrop to all deliberations, there has been the war in the Middle East, which has seen Israel pound her Arab neighbours into submission literally overnight. Observers have

watched the progress of that small but determined country to the Suez Canal, the River Jordan and the Straits of Tiran.

The question of how we should conduct ourselves as a nation, now and in the future, had people of all parties wringing their hands. And it produced no solutions. The foreign policy debate, occasioned by the Estimates of the External Affairs Department, produced only a series of speeches that failed to come to grips with the problem. One thing, however, was certain - that we have, or the Government has, a considerable job to do in re-thinking our foreign policy. There is an increasing clamour, here and across the country, for Canada to take stands in international disputes. These people argue that we only decrease our prestige among nations and make people uneasy about us. They add that even when we do make our preferences known, we can still work effectively for settlement of disputes. And they may be right. For there was little doubt this week that the pose of Canada - the mediator, was being accepted by almost nobody.

Amid the soul-searching of the Middle East crisis, the House of Commons proceeded slowly and a little uncertainly through its work load in the general direction of the summer recess. Several departmental estimates have already been dealt with, and more remain. But, through out the debates on the estimates, which are concerned with just where the government plans to spend the people's money in the coming year, there has been widespread feeling that something is missing. Whether it is exclusively connected to the Israeli-Arab war and our foreign policy problems is not clear. Perhaps the malaise that the government obviously feels has been transmitted to the opposition parties.

There is a feeling among many members and observers that the business of government has gone stale, that something is lacking, that the job just isn't being done as well as it should be.

This may only be the natural byproduct of the fatigue and restlessness which always results when the House sits into the hot Ottawa summer. The Commons has now been working almost continually since January 1966, and there is no doubt that the pace is beginning to tell. But aside from that, one suspects, too, that the government, in its recent performance, has lost its momentum, its direction. With the Conservatives busily awaiting their leadership convention, with the Centennial quickly drawing to a climax, perhaps this atmosphere may best be interrupted as one of discontent with the old and anticipation of the new.
